

**Well, as you can obviously see, our site is finally up. It has taken some time but L41 has its new home on the internet. Have fun looking around. Many things are still under construction, so you will have to be patient. However, when everything is up and we are trucking along normally, here are some of the things you will see: Weekly/Monthly articles from L41 members and staff.**

- The latest videos from our media department.**
- Pictures and reviews of past events.**
- The 411 on upcoming events.**
- Homework and assignments (not evil words) for Teen class.**
- The L41 monthly schedule.**
- The Bimonthly Teen spotlight (if we can get one of them to write about themselves).**
- L41 band dates and performances.**
- And hopefully much more!**

**We are excited about our new web presence. It may be small, but as the Bible says, "don't despise the day of small beginnings". Take a look around and enjoy yourself. Feel free to contact us and let us know what you think of the site.**
